## Receiving EASA STC for ACCESS, our expandable cabin lavatory solution

Our expandable cabin lavatory solution ACCESS has been certified by EASA for installation on the Airbus A320 family. Developed with passengers with reduced mobility in mind, the inclusive lavatory solution will soon be made available for the Boeing 737 platform.

## CNBC Managing Asia: Interview with ST Engineering Group President & CEO, Vincent Chong

ST Engineering's Group President and CEO Vincent Chong shared in an in-depth interview with CNBC about the Group's businesses, including how our Commercial Aerospace business navigated the COVID-19 pandemic under the robust demand for airframe MRO and freighter conversions. He also expressed confidence that MRO businesses would soon recover to pre-pandemic levels.
