

Maritime Security & Auditor Courses

SHIP SECURITY OFFICER COURSE (SSO)

AIM

The aim of the SSO Course is to equip participants with the knowledge and requirements of the ISPS Code and various relevant legislations.

OBJECTIVE OF COURSE

At the end of the course, participants will be able to:

- Assume the responsibilities and perform the duties of the SSO.
- Implement and ensure the maintenance of the Ship's Security Plan.
- Conduct security inspections of the ship to ensure adequate security measures.
- Understand the conduct of security assessment and audits.
- Conduct training, drills and exercises in accordance with the ISPS requirements as a competent trainer.
- Enhance security awareness and vigilance.

COVERAGE OF SSO COURSE

The SSO COURSE covers the following modules:

- **Module 1:** Introduction to Maritime Security Threats and Requirements of the ISPS Codes
- **Module 2:** Security Threats and Counter-measures
- **Module 3:** Vulnerability Assessment & Risk Management Methodology (Virtual Simulation Exercise on Security Assessment)
- **Module 4:** Operationalising Counter- Threat Security Programs & Standards
- **Module 5:** Developing / Implementing Ship Security Manual & Security Plans
- **Module 6:** Ship Security Officers as Security Trainers

PRE-REQUISITE REQUIREMENTS

Applicants of the SSO Course must satisfy the following conditions:

- Have at least 12 months of sea services as a Deck Officer or Marine Engineer.

DURATION: 2 Days

COURSE FEE: S\$700.00 (subjected to prevailing GST)

ASSESSMENT AND CERTIFICATION:

There is a course assessment at the end of the course. Participants must pass the assessment to successfully complete the course. Upon passing, a certificate will be issued.

Our SSO course is approved by Maritime Port Authority of Singapore.
